NINE PEOPLE BRAINED AND BODIES CREMATED

Appalling Crime Is Committed Near Pensacola, Florida.

BROKEN SKULLS WERE FOUND

Ackerman Was an Itinerant Preacher and Was Not Known to Have an Enemy—Motive of Crime Is a Mystery. Rewards Offered by State.

Pensacola, Fla., May 16.—One of the most horrible crimes in the history of the state, if not in the history of the south, was committed in Santa Rosa county, 10 miles north of Milton, Sunday night, when a man by the name of Ackerman, an itinerant preacher, his wife and seven children, the oldest between 13 and 14 years of age, were murdered and their bodies cremated in the home which was fired by the assassins.

A fund of over $1,000 has been raised by the citizens of Milton, which will be offered as a reward for the apprehension of the murderers, and the governor has been appealed to to offer a reward on behalf of the state.

The crime was discovered Monday morning by parties with whom Ackerman had an appointment, who found the house a mass of ruins, and the charred bodies of Ackerman, his wife and seven small children among the wreckage.

Examination of the bodies by Dr. H. E. Etheridge, disclosed the fact that Ackerman and his wife had been hit on the head with some blunt instrument, their skulls being crushed in. The bodies were scattered about in different parts of the ruins.

Details indicate that the father, mother and each of the seven children were murdered before the building was fired, as the skull of each was crushed. The body of Ackerman was found near the location of the door leading from the bedroom in which he slept, and by his side was a revolver. The body of Mrs. Ackerman, who gave birth to a child on Friday last, was found with that of her infant child outside of the sill at the front of the house. The eldest child was found near the door leading out to the front porch. All of the bodies were badly burned, practically only the trunks remaining. The bodies of three boys were found practically where the bed upon which they slept stood previous to the conflagration.

When a party from Milton reached the scene about 11 o'clock, the sills of the building were still burning, which seemed to indicate that the fire had been started several hours after midnight. The country near by is sparsely settled, the nearest neighbor living about one-quarter of a mile away. This neighbor says he knew nothing of the fire until early Monday morning, when he saw that the building had been destroyed and notified other neighbors before trying to ascertain the damage.

The feeling throughout Santa Rosa county is high over the dastardly deed and every effort is being made to apprehend the guilty parties.

Ackerman moved to the settlement which was known as Allentown, from Opp, Ala., about three years ago, and has always been considered a good and peaceful citizen. While he had no regular charge, it was his custom to preach occasionally throughout that section of Santa Rosa county. He was not known to have had any enemies and the motive for the crime is a mystery. A coroner's jury is now investigating the matter.

Case of Abraham Hummel.

New York, May 16.—Abraham Hummel, the lawyer, must stand trial on two indictments charging subornation of perjury in the Dodge-Morse divorce case and next Monday has been set as the date for the trial. Justice Scott handed down a decision denying the motion of Hummel's counsel to quash the indictments, on the ground that Hummel was compelled, in violation of his constitutional rights, to give evidence before the grand jury which indicted him.

DEATH SPREAD BY DYNAMITE.

Four Killed and Nineteen Wounded as Result of Terrorists at Warsaw.

Warsaw, May 16.—While Police Captain Constantinoff was standing in Marszalkokska street Monday evening with two policemen and four soldiers, a young man threw a bomb into the group. The explosion literally tore Captain Constantinoff to pieces and severely wounded a policeman and six other persons. The assassin tried to escape, and firing his revolver wounded a soldier. The other soldiers replied with a volley, killing the assassin and two other persons. The soldiers then attacked the peoplpe who had gathered with their bayonets and the butts of their guns, wounding 11 persons, making a total of four killed and 19 wounded.

The terrorists have sought Captain Constantinoff's life since May day of last year, when he ordered the soldiers to fire on a procession of Socialists, causing the death of 30 persons.

Three Killed; Five Wounded.

Sarayevo, Russia, May 16.—A strike has broken out at the Zenica coal and iron works. Strikers attacked the gendarmes with stones and revolvers, and the gendarmes returned the fire, killing three and wounding five strikers. Troops have been sent to quell the disturbance.

Dragoons Charged Workmen.

St. Petersburg, May 16.—A crowd of several hundred workmen gathered in the Nevsky prospect Monday evening and tried to organize a demonstration, but after being repeatedly dispersed by the police and charged once by dragoons, they gave up the attempt. No one was injured.

Endowment for Fine Arts Building.

New York, May 16.—A morning paper says that it was learned Monday evening that $1,000,000 had been conditionally promised by a wealthy New Yorker toward the erection and endowment of a united fine arts building to house the dozen societies composing the fine arts federation. This plan, formulated several years ago, has received a fresh impetus since the union of the national academy of design and the society of American artists, as was expected. John Alexander has estimated the cost of financing the scheme at $3,000,000 at least, appropriating $1,000,000 each fort site, building and endowment.

Stung To Death by Bees.

Memphis, Tenn., May 16.—Overcome by an attack of bees from his own hive, which he has always taken great pride in, Rev. Carlton, a Methodist divine, was stung into a state of unconsciousness, and before aid reached him, had succumbed. The bees were Carlton's hobby, and he had made many visits to the hives, robbing them of honey without mishap. No one witnessed the accident. The cries of the unfortunate man caused his wife and servants to hurry to his aid, but when they arrived they found his lifeless body.

Big Shipment of Fish.

Chicago, May 16.—Three million fish passed through Chicago Monday on their way to colonization in Lake county, Illinois. A single car carried the whole colony, for not one of them was more than three days old and they did not require much space. The fish were sent by the United States from the hatchery at Put-In-Bay, O., to be placed in the streams of Lake county. There are between 300 and 400 lakes in the region, the largest of which is Fox lake.

Jerome Secures Records.

New Albany, Ind., May 16.—After adjourning of the insurance grand jury Monday, District Attorney Jerome announced that he had secured the entire records of the supply department of the Mutual Life insurance company. Whether he had secured them upon an order of the court, he refused to state. Shortly after the announcement of the district attorney, a truck backed up to the criminal court building and three huge packing cases containing vouchers, books and letter files, were brought up to the district attorney's office.

KILLED ONE MAN; WOUNDED 3 OTHERS

Telegraph Operator at Chamblee Ga., Turns Desperado.

IT IS BELIEVED HE WAS CRAZY

After Shooting Wildly at Citizens, He Placed Gun at Forehead of Another Operator and Compelled Him to Get Another Loaded Pistol For Him.

Atlanta, May 16.—Although a sheriff's posse of DeKalb county and armed men of Chamblee and Dunwoody, have been searching the woods around Dunwoody since early Tuesday morning, they have not yet found James H. Clark, the night operator at Chamblee, who killed one man, wounded three others and clubbed the fourth Tuesday morning.

Both Dunwoody and Chamblee are in intense excitement, and it is believed that if Clark is captured he will have to be killed first. As at last accounts he was armed with two revolvers, a shotgun and plenty of ammunition, and is believed to be mad, it is feared that he may do other injury before he is caught.

The dead and injured, as announced are:

Will Cheek, a rural mail carrier and merchant of Dunwoody, shot through the heart.

Those injured are S. Purcell, 50 years old, a farmer of chamblee, shot in the neck.

W. J. Purcell, his son, a rural mail carrier, also shot in the neck.

W. S. Mask, day operator at Chamblee, and a boarder at the elder Purcell's home, shot in the thigh.

W. J. Coker, of Dunwoody, was severely clubbed on the head by Clark after the latter had killed Cheek.

None of the wounded men, however, are seriously hurt.

No more amazing act of frenzy has been reported in this section in years than that which led Clark Monday evening and early Tuesday morning to run wild and kill and wound with revolver and gun. It is believed that the night operator was crazy, and that his condition was accentuated by liquor.

After he had gone to the house of S. Purcell and set fire to it, having been denied admission because he had threatened members of the family, he set fire to the kitchen. He then broke in the door with an ax, and immediately afterward, purcell responding, he shot him with his shotgun. He also shot Mask, the day operator, a boarder, and then turned his revolver upon W. J. Purcell, who lived next door, and who had come to his father's aid.

This was shortly after midnight. Not satisfied, Clark went to the depot and compelled R. P. Rudicill, the agent at the point of a pistol, to go to his home and give Clark another pistol.

Thus armed—with two revolvers and his shotgun—Clark set out for Dunwoody. There, about 7 o'clock Tuesday morning, he went into the store of Nash & Cheek and demanded cartridges. People at Chamblee, however, had telephoned a warning to Dunwoody, and Nash was told by Mr. Cheek, when Clark asked for ammunition, not to let the operator have it. Cheek was killed for his pains, and a pocket knife in his vest pocket was all that saved Nash.

Clark then very coolly went behind the counter, the rest of the people having fled, and got a box of shells. He threw 75 cents on the counter in payment.

Going out he told some one of the payment, and without provocation clubbed W. J. Coker, whom he met on the street, with his gun. He then disappeared in a railroad cut.

Later the alarm was given, and armed men, with Deputy Sheriffs W. T. Buchanon and Ed Reagin, of Decatur, responded. They are now searching the woods around Dunwoody.

Great sympathy is felt in Dunwoody for Mrs. Cheek and the two children of the slain man. It is feared that Clark may do more murder before the end is over.

Dr. H. J. Flowers, of Decatur, says that Clark recently had something like meningitis, and that this may have unbalanced his mind. It is said, too, that he was in love.

Clark, already crazy, it is believed, aggravated his condition Monday night by drinking. He is night operator for the Southern railroad at Chamblee, 13 miles north of Atlanta. He went to the office Monday evening at dusk, and reported that he was not well, and asked to be relieved for the night.

1. General amnesty.
2. The abolition of the death penalty.
3. The suspension of martial law all exceptional laws.
4. Full civil liberty.
5. The abolition of the council of the empire.
6. The revision of the fundamental law.
7. The establishment of the responsibility of ministers.
8. The right of interpellation.
9. Forced appropriation of land.
10. Guarantees of the rights of the trades' unions.

STATE MAY BAR OUTSIDE FIRMS

Important Decision Regarding Permits by U. S. Supreme Court.

Washington, May 16.—Justice Peckham Monday delivered the opinion of the supreme court of the United States in the case of the Travelers' Life Insurance company versus the insurance commissioner of the state of Kentucky, in favor of the state.

The case involved the constitutionality of the state law authorizing the revocation of permits given to foreign insurance companies to do business in the state when such companies remove to the federal courts cases brought against them in state courts. The court held that such a law covers a right which a state may properly exercise. Justice Peckham said that a state may refuse to permit an outside company to do any business whatever within its borders. He therefore held that the state law is valid. Justice Day read a dissenting opinion in which Justice Harlan concurred.

Hopes of Car Company Dissoluted.

Chicago, May 16.—The supreme court of the United States by denying the petition of the Chicago traction companies for a rehearing of the case so sweepingly decided against them last March, Monday, dissolutes the hopes of the street car companies in the 99 year franchise. It has been the plan of the city to obtain reconstruction of the lines as soon as the work can be done by some corporation willing to do the work under the plan of intermediate license. If the present companies do not agree very quickly to the plan proposed for their continued operation in the streets, they will be asked to step aside and make room for some corporation that will construct the lines.

Proposition Exceedingly Popular.

Washington, May 16.—Letters received by Assistant Secretary Oliver from governors of states in reply to his invitation to designate the military companies which they desire to encamp with the regular troops, indicate that the proposition is popular among national guardsmen beyond expectation. In fact it has become evident that the limited appropriations for this feature will be entirely insufficient unless supplemented by congress. [illegible] of the governors have replied to the invitation that they would like all their military organizations to enter encampment.

Investigation is Resumed.

Philadelphia, May 16.—The interstate [illegible] commission met here Tuesday in the federal building to resume the investigation into the alleged [illegible] between railroads and [illegible] companies.

16 MEN ENTOMBED BY GAS EXPLOSION

Black Damp Prevents Prompt Rescue.

FIRE BOSS IS TERRIBLY BURNED

Two Men Are Dead at Bottom of Slope Mine Is Surrounded by Hundreds of Men, Women and Children—Later Reports Say 50 Men Are Imprisoned.

Shenandoah, Pa., May 16—An explosion ocurred at the Shenandoah colliery of the Philadelphia and Reading Coal and Iron company, Tuesday.

Sixteen men were in the mine at the time of the explosion. It is not known if any of them were killed.

Fire Boss Samuel Powell was the first person to be taken out of the mine. He is so terribly burned that he will probably die.

Several ambulances are at the mouth of the shaft waiting for the miners to be brought to the surface.

The mine is surrounded by several hundred men and women and children.

It is believed that between 30 and 40 men are imprisoned in the first lift in Shenandoah city colliery.

The black damp following the explosion prevents prompt rescue.

Two men are dead at the bottom of the slope. Superintendents Boys and Tasker and Mine Inspector Lamb are directing the work of rescue.

Delay Caused by Fire.

Havana, May 16.—The Ward liner Vigilancia, which was reported from Cape Lookout May 12 to be on fire, reached this port from New York Tuesday one day late. The delay in her arrival was caused by the precaution in keeping her near the shore during the fire, which was under control on Saturday and which, it appears, was chiefly confined to the ship's stores in the forward part of the vessel, all of which was practically consumed. All of her cargo was damaged by water from flooding the holds. The loss is not known, and will not be ascertained until the report of the board of survey appointed by the American vice consul is made public.

Members Seek Reinstatement.

Memphis, May 16.—The appeal of the suspended divisions and members of the Chicago and Great Western railroad system claimed the attention of the convention of the brotherhood of locomotive engineers Tuesday. Only one side of the case was presented Monday, and an equally voluminous report will be offered by the different brotherhoods. Suspended members are now seeking reinstatement basing their claims on arguments and contentions covering 200 typewritten pages. Testimony is to be taken and cross-examination will be permitted both sides. The ladies' auxiliary installed their recently elected insurance officers today.

Gapon's Body Identified.

St. Petersburg, May 16.—At the inquest over the body of Father Gapon, which was found May 13th in the upper chamber in a villa in the summer suburb of Ozerki, Finland, M. Argolin, the former priest's lawyer, positively identified the body. The autopsy showed that he received a blow on the head and the theory is that the revolutionists were listening in an adjoining room and heard Gapon betray his connection with the government, and that Rulenburg, the terrorist leader, who is said to have lured Gapon to his death, rushed in, felled him to the floor, and afterwards hanged him.

Meyer and Woman To Be Returned.

New York, May 16.—Wilhelm Meyer, who is accused of the murder of his aunt, Mrs. Vogel, whose body was found in a trunk at an express office at Frankfort-on-Main, Germany, pleaded not guilty to the charge, and said he was willing to return to Germany to stand trial. Preparations were made to return both Meyer and his woman companion, Josie Christ.

THE SECOND DAY MAKES NO CHANGES

Senator McCreary Returned With Easy Majority to Duties.

THE CONTEST IN THE HOUSE

From Returns, Which Include Virtually All Precincts, It Appears That Carter and Doke Will Represent Alachua County.

There was nothing new regarding the primary election Wednesday, so far as the change in result of the ballot as announced Wednesday morning was concerned, except that the vote for candidates for the Legislature was somewhat changed.

As it appears now Doke and Carter will be the nominees, although Sheats is only a few votes behind.

McCreary is leading Dell safely for Senatorial honors, as will be seen by the returns from all precincts except Lake View, which will return less than twenty ballots.

This election has been a most harmonious one. There has been little or no confusion, the election has been systematically conducted, and together it is conceded that everything was fair in the balloting.

The result, twenty-one precints, is as follows:

READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Scudder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

OLD SORES OFTEN LEAD TO CANCER

Whenever a sore or ulcer does not heal and shows signs of becoming chronic, it should arouse suspicion, because many of these places lead to Cancer. It may appear as an ordinary sore at first, and is given treatment as such, with some simple salve, wash or plaster, with the hope that the place will heal, but the real seat of the trouble is in the blood and cannot be reached by external remedies, and soon the sore will return. After awhile the deadly poison begins to eat into the surrounding flesh and the ulcer spreads rapidly, becoming more offensive and alarming until at last the sufferer finds he is afflicted with Cancer. Cancerous ulcers often start from a boil, wart, mole or pimple, which has been bruised or roughly handled, showing that the taint is in the blood, perhaps inherited. Another cause for non-healing ulcers and sores is the remains of some constitutional disease or the effects of a long spell of sickness. S. S. S. goes down to the very root of the trouble and cures so thoroughly that there is never any sign of the trouble in after years. As soon as the system gets under the influence of S. S. S. the place begins to improve, the discharge gradually grows less, the inflammation leaves, the flesh resumes its healthy color, and soon the sore is well, because every vestige of the cause has been removed from the blood. Book on sores and ulcers and medical advice without charge.

I was suffering greatly from a cancerous ulcer on my left breast, which had begun to eat, and at times would discharge very offensive matter. I knew the trouble was hereditary as an only sister, my mother and two of her sisters died of Cancer. I am fully satisfied I would have gone the sameway but for S. S. S., which cured me.

A CARD.

To the People of Alachua County.

Fellow Citizens: By your ballots of last Tuesday you have in no uncertain manner re-affirmed your confidence in me as your representative in the State Senate. For this generous expression of your respect and confidence I am deeply and truly grateful; and from the very bottom of my heart I thank you for the honor you have again conferred upon me.

I want to say to you further, that the one great purpose that shall guide my actions for the next four years—a purpose that day and night I shall keep constantly before me—shall be to prove to you that your choice was not ill-made and that your trust was not misplaced.

As your representative in the State Senate, I pledge to you, the whole people of Alachua county, the most zealous, faithful and effective service of which I am capable.

It shall be my ambition and my pride so to act and so to discharge the trust committed to me, as not only to justify the confidence and fulfill the hopes of my friends, but also to disappoint the expectations and even win the approbation of my doubting opponents.

Again thanking you, fellow citizens, for the honor you have conferred upon me in electing me as your State Senator, and pledging to you fidelity and the most efficient service of which I am capable, I beg to remain

Gratefully yours,
H. H. McCREARY.

Mr. Garfield has been exceedingly busy with his muck rake, but in this instance its use appears to have been entirely justifiable.

"Honestly," says Senator Tillman when in a particularly merry mood, "there is nothing that looks so nice dangling at the end of a pitchfork as a federal judge."

A genuine lock of Charles Dickens' hair sold for $40 and every time Mr. Rockfellow thinks of it he relizes that one way of adding to his income is forever closed to him.

Congress seems determined to cut down the salary of chairman Shonts, although President Roosevelt declared he was cheap at the price—$30,000 a year.

"Our Navy," says Congressman Weeks, "is our advertising mediuming in the Orient." Nearly all the other powers use theirs for a collection agency.

If there were an election this year the Standard Oil Company could save lots of money, for the campaign committee surely would send back its checks.

What the Senators fear, it seems, is that the rate bill will take from the courts the powers, which, under the constitution, it cannot possibly take from them.

ENORMOUS SUBWAY TRAVEL.

Wonderful Revealations as Shown by New York Subway Report.

The New York Evening Mail says the figures of the city's passenger traffic for the first three months of this year, made public by the State Railroad Commissioners show an increase of almost 40 per cent in the business of the subway, as compared with the first quarter of 1905.

The number of passengers carried was 41,029 733, a gain of 11,491 077, and the increase of the business of all the Interborough-Metropolitan lines for the three months was 23,479,448 passengers, making a total of 196,217,-279 fares.

The elevated showed a small falling off in January and February, which was overbalanced by a big gain in March as compared with that month last year, when the strike was on.

That the surface railways of Manhattan have fully recovered the business lost by the opening of the subway and have begun to increase their traffic was a significant showing made in the report.

In the three months the Metropolitan system carried 89,454,011 passengers, an increase of 8,769,416, whereas in 1905 the traffic showed a loss of 1,027,945 fares as compared with 1904. In 1905 there was a falling off of 7,625,978 transfers, but in the first three months of 1906 there was an increase of 6,820, 867 in the number of transfers issued.

Taking the city as a whole there were 297,339,165 passengers carried, an increase of 37,061,250, or 14 1-4 per cent, while the gain of 1905 over 1904 was only 12 per cent.

In the entire city the number of transfers issued in the quarter was 68,212,755, an increase of 10,822,881, and the car mileage was 56,998,216, a gain of 6,522,434.

It now appears that Fields, the lobby agent of the Mutual Life Insurance Company, will be asked to account for the expenditure of almost $2,000,000 for political purposes. For the Lord's sake! how much did Cortelyou and Babcock get of the funds that should have been sacred to the widows and orphans of policy holders? And with the other insurance companies and the trusts and railroads still to hear from, the amount received by the chairmen of the Republican National and Congressional committees must have amounted to many millions. No wonder the Democrats were defeated. The worst of it is that the election of President Roosevelt is stained with these tainted millions of which no restitution has been made to the real owners.

Bills have been introduced in Congress suspending for one year the duties on structural steel and other necessary materials for use in the construction of buildings in San Francisco and other Pacific coast cities affected by the recent disasters. This is the first political movement due to the earthquake. If the stand-patters have their way these bills will be defeated, on the principle that there must be no crack in the Dingley tariff wall, lest the people should discover that it was not of divine origin. It is all right to give money after it has been collected from the people by taxation, but it would be sacrilege to allow anybody to buy steel and lumber not protected by a tariff tax.

"Is the Senate honest?" asks Senator Tillman, in a magazine article. If the Senator were on the visiting list at the White House he could get his information direct, without asking the question of the outside world.

The delegates to the Republican convention of the 10th Iowa Congressional district refused to commend President Roosevelt for selecting Leslie M Shaw as secretary of the treasury There are a good many Republicans everywhere who feel the same way, but do not like to express themselves so freely for fear of disrupting "the party." If a convention could be held of the Wall street bankers Shaw would win hands down.

Doubtless the sugar trust would be glad to proffer the oil trust the assurance of its sympathy, only it has a premonition that it is going to need all its sympathy for home consumption.

Mr. Taft is satisfied that after every man with an idiosyncrasy has been mentioned for the office of President the county will come to its senses and turned to something more substantial

Secretary Taft has decided to go on the Supreme bench in the autumn, unless it shall appear before that time that the people are going to be mad if he doesn't accept the Presidency.

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Madison has a big 600 gallon street sprinkler, and is putting on airs about her cool, dustless streets.

Next year's meeting of the diocesan council of the Episcopal diocese of Florida will be held in Gainesville.

Seabreeze has given the right-of-way over its streets to the new railway being built from DeLand to the coast.

The county commissioners of St. Lucie have accepted the bid of Wagner & Dobson of $7,600 to build a county jail at Fort Pierce.

A six-foot alligator broke out of pen in West Palm Beach and in his dash for liberty had gotten half way up the stairway of the Stagle House before he was caught and returned to his old quarters.

Detective John Durst returned to Tampa from Jacksonville with Joseph Symonds, who was arrested in that city on information furnished by the officials of Tampa. Symonds is wanted for passing a worthless check on the proprietors of the Eagle saloon. He was able to furnish a $200 bond for his appearance today for a preliminary hearing by Judge Robles.

One of the most horrible crimes in the history of the State of Florida, if not in the history of the South, was committed near the settlement of Allentown, in Santa Rosa county, about ten miles north of Milton, early Tuesday morning when W. G. Acreman, his wife and seven children were murdered in cold blood, the house fired and the bodies burned. Only the dismembered trunks of the victims remained when a party from Milton reached the scene at about 11 o'clock. No motive for the crime has been discovered.

J. P. Benton, a young man who has been a resident of Pensacola for several years, has mysteriously disappeared from that city, and although inquiry has been made by a number of persons, no information has been obtained as to his whereabouts. Benton was last seen Wednesday morning of last week about 6 o'clock, when he left his boarding house supposedly on a fishing trip. He had spoken of going fishing Wednesday, and secured a boat for this purpose, and some of his friends fear that he has met with an accident and has been drowned. While this may be the case, others are of the opinion that he is alive and probably on his way to some other city. He was the local circulation manager for several Alabama and Georgia papers in Pensacola, and the representative of one of these papers is there checking up Benton's accounts.

Jacksonville, Fla., May 16.—C. E. Hooks, a well known merchant, was shot and killed Monday afternoon by his 17-year-old daughter, Bessie. Mr. Hooks and his wife quarreled recently and he had been away from home for a week. He returned and had a violent quarrel with his wife. His daughter says she secured his revolver to prevent his using it, and in a scuffle he trying to take the revolver away from her, it was discharged, the bullet entering his breast and killing him instantly. The wife and two daughters were the only witnesses.

WOMAN HANGED THREE TIMES.

Body Was Carried to Woods and Left by Assailants.

Okolona, Miss., May 16.—A sensational episode occurred near here Sunday night. Mrs. Mattie McIntosh, a white woman, was recently arrested, charged with complicity in the murder of her husband, and gave bond for her appearance. The woman reported to the officers at Okolona that a number of men visited her home, took her to a tree and threatened to hang her unless she revealed her accomplices in the alleged murder.

Mrs. McIntosh declined to talk, whereupon she was strung up for several seconds. Upon being lowered to the ground she still refused to answer questions put to her, after which the woman declares she was strung up a third time, and finally, when the rope was taken from her neck her assailants announced that she was dead. Her body was carried into the woods and left there. The woman says she revived and immediately came here to tell her story.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25 cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists.

Charge Double Rate for Insurance.

San Francisco, May 16.—The Call says: Certain insurance companies doing business in San Francisco are charging double rates for insurance on local business that was assessed by them before the recent fire. One reason is that the water pressure is still weak and another is that the fire alarm service are out of order. While the double rates are announced persons seeking insurance are told that there will be rebates later when normal conditions are restored.

A FACT PROVEN.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

ASSAILANT SHOT AND HANGED.

Was Seriously Wounded by His White Victim.

Eastman, Ga., May 16.—Mrs. Pope, a widow, who lives alone, about 6 miles north of Eastman, was assaulted by a negro named Will Wommack last Friday night.

Wommock went to the home of Mrs. Pope, and calling her out told her a neighbor was sick and they had sent him for her. When she came out he seized her, and drawing a knife said if she made an outcry he would cut her throat. He told her if she made the assault known he would kill her, saying he knew he would be killed himself, but he would kill her before he was killed, and that he would be back the next night.

Mrs. Pope cut a hole in the front door and covered it with a piece of cloth. When she heard some one step on the porch Saturday night she asked if it was the same person who had been there the night before, and when he replied that it was, she snatched the cloth from over the hole and began firing, one bullet striking Wommock in the stomach and passing through the body. Wommock then turned and ran. Mrs. Pope continued to shoot at him until she had exhausted the contents of her pistol.

Neighbors attracted by the shooting, visited Mrs. Pope's house and learned of the occurrence. They went to Wommock's house and found him in bed wounded. At first he denied his guilt, but later confessed. He was then taken out and strung up and his body riddled with bullets, after which the mob quietly dispersed.

An inquest was held and the coroner's jury returned a verdict that the deceased came to his death at the hands of unknown parties.

Not if as Rich as Rockefeller.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy The eminent physician cannot prescribe a bottle preparation for colic and diarrhoea, both for children and abults. The uniform success of this remedy has shown it to be superior to all others. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

Soldier Kills and Is Killed.

Lincoln, Neb., May 16.—Arthur M. Moore, a night watchman at Crawford, Mo., was killed by a negro soldier from Ft. Robinson. James Moore, the watchman's brother, killed the soldier, and a friend of the latter struck James Moore and broke his arm. Officials are investigating the case, which threatens to lead to a riot.

Child-Wife Beaten To Death.

Denver, May 16.—A 14-year-old girl, known as the wife of George Contoz, alias Waltz, was Tuesday found dead in a hovel in this city. She had been beaten to death with a hatchet. The child-wife was Salvotore Sarico before her marriage to Contoz, which took place in San Francisco about six months ago.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Want Trolley Lines.

San Francisco, May 16.—The board of supervisors have passed a resolution calling upon the United railroads to proceed as rapidly as possible in the work of converting its cable roads into trolley lines, that the great northern section of the city may be served, trade resumed and confidence restored. There is no question but that the resolution will be finally passed, and that the complicated engineering problems involved will be overcome. Along all of the roads arc and incandescent lights will burn, and where stagnation of trade now exists activity wil soon again prevail.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co

Unknown Negro Was Killed.

Atlanta, May 16.—An unknown negro was killed Monday night by Hardy Peterson, another negro, on the Marietta road, near the Lane Bros. camp. The cause of the killing is not known. Chief Turner, of the county police, and several members of his force went to the scene of the killing and made a thorough investigation.

Stomach Troubles.

Mrs. Sue Martin, an old and highly respected resident of Faisonia, Miss., was sick with stomach trouble for more than six months. Chamberlain's Stomach and Liver Tablets cured her She says: "I can now eat anything I want and am the proudest woman in the world to find such a good medicine." For sale by all druggists.

Train Robbers Captured.

Vancouver, B. C., May 16.—A dispatch from Kamloops says that the robbers who held up the Northern Pacific train last week were captured Monday night. One man was wounded in a fight with the mounted police. The latter surrounded the bandits and compelled their surrender.

Sore Nipples.

A cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the child to nurse. Many trained nurses use this salve with the best results. Price 25 cents per box. Sold by all druggists.

AN OLD INDIAN FEUD

THE WAY IT WAS ENDED BY THE ACT OF A LITTLE CHILD.

Story of the Long and Bitter Enmity Between Crazy Wolf and Little Scar. The Incident That Paved the Way to Peace.

Crazy Wolf was a warrior of the Sioux nation who held to all the savage traditions of his race. For years he refused to receive rations from the hands of the whites, and this marked him singular among all the Sioux. His deadly enemy was Little Scar, who had made lasting peace in his heart with the whites and who had yielded little by little to the allurements of civilized living.

The enmity of Crazy Wolf and Little Scar dated from the day of the great battle with the Pawnees.

When the remnant of the stricken Pawnees had turned to fly Crazy Wolf and Little Scar quarreled over the right to take a scalp, and a hand-to-hand combat ensued. The chiefs parted them and said that neither must die, for the nation had need of all its men. Though the hands of Crazy Wolf and Little Scar were stayed by the chieftains, hatred still lived in their hearts.

It was ten years after the battle with the Pawnees and at the Pine Ridge agency, where a portion of the Sioux had been gathered, the government erected a schoolhouse for the Indian children. Instantly a division occurred between the fathers of the tribe. One-half of the warriors wished to send their little ones to the school. The other half declared that the teaching of the whites should never have place in the minds of their children. The children of Little Scar went to the school. The children of Crazy Wolf were kept in the wigwam.

Runners came to Pine Ridge from Standing Rock and the Rosebud. They told of the coming of the Messiah, that the buffalo were returning and that if the southern Sioux would but put their ears to the ground they would hear the thunder of the hoofs of the oncoming herd.

One-half of the warriors at Pine Ridge were seized with the Messiah craze. They danced the ghost dance and put on the ghost shirts. The one-half stampeded from the agency, and with it went Crazy Wolf, as savage in heart as he was when he fought the Pawnees on the frontier of Nebraska. Little Scar stayed at the agency.

One day after the battle of Wounded Knee had been fought a band of twenty Sioux braves broke away from the main body for the sole purpose of raiding Pine Ridge agency and killing the children who were gathered in the schoolhouse—the children of their brothers who had succumbed to the white man's ways. In the band was Crazy Wolf, his heart full of the lust of killing.

The warriors came within sight of the schoolhouse. It stood on a bluff and on one side was absolutely unprotected. Crazy Wolf knew the location of the room in which the little ones gathered daily at their lessons. The painted warriors made a headlong ride down the valley skirting the ridge, and as they whirled by the school they poured volley after volley into the room where the children of the friendly Sioux daily were assembled.

It was not the fault of Crazy Wolf that on that day there was not a slaughter of the innocents. A teacher had seen the feathered heads showing among the willows by White Clay creek and, taking the alarm, had hurried the children to the cellar.

The raiding band went northward. There was cavalry at the post to take up the pursuit, and the fugitives succeeded in reaching the main body of Indians, who by this time were surrounded by the troops of General Miles and were being gradually forced into the agency.

Crazy Wolf, when he saw the surrender of his brethren was coming, mounted his pony and made for the Bad Lands. He foresaw the end of the fighting and the complete subjugation of his people, and he laid it at the doors of the tepees of the Sioux who had refused to join the braves on the warpath.

Crazy Wolf made up his mind to kill Little Scar. He nearly starved in the Bad Lands, and his pony was dead. After the surrender he started for the agency on foot. His ammunition was gone, and he had nothing but his knife. He ate willow bark and roots. Hunger took his bodily strength, but his heart purpose was unweakened.

Crazy Wolf, starving, lay on the bank of White Clay creek. The tepee of Little Scar was only 300 yards away. Crazy Wolf was famished, but he lay hidden in the bushes waiting for night and vengeance. He looked down to the creek's edge, and there he saw a little girl with a willow basket full of food. The little one looked up and saw the flashed eyes of the warrior. She looked at him and held out her basket. Crazy Wolf knew his strength was gone. It might not last him till the hour of revenge. He ate the proffered food.

The child was molding clay. Presently she turned and offered Crazy Wolf the mouthful of a paper pipe. "You have eaten," she said; "now smoke."

Crazy Wolf took the pipe and blew an imaginary cloud of smoke away from his lips. The little one smiled at him again.

"Whose child are you?" asked Crazy Wolf.

"The child of the great warrior Little Scar," was the answer.

Crazy Wolf had eaten the bread of Little Scar and had smoked the pipe of peace. He had never broken a tradition of the Sioux race.

Crazy Wolf walked into the agency, and a little child was leading him.—E. B. C. in Chicago Post.

Petrified Beetles.

One of the several geological formations of England is that known to those who make such matters a study as the "lias." This stratum is variously known as "the beetle rocks," "insect stones" and "wing case chalk." Wherever this formation is found exposed or is encountered by miners, well diggers and others it is found to be formed almost entirely of the petrified wing cases of a kind of beetle peculiar to Britain in the geological age in which that particular stratum was formed. The lime in the composition which makes up the body of the stratum has transformed the original matter of these delicate wing cases into a hard, smooth chalk, and on that account some geologists list the formation under the head of "insect limestone." Geologists account for the presence of these countless numbers of insect remains in this way: At one time the whole stratum was the bottom of an immense lake. For countless ages the beetles died on its surface, and their shells sank to the bottom. Finally the lake dried up, and the chemical action and the heat of the sun transformed the whole into a stratum of stone and preserved it to the present day. So we now have the wonderful "insect stones" to ponder over.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cure of this most common ailment. It always cures and is pleasant to take For sale by all druggists.

Ancient Salads.

The lettuce was deemed by the ancients the food of the dead because when Adonis, the beloved of Venus, was mortally wounded by a wild boar the weeping goddess laid him upon a bed of soft and tender lettuce, whose milky juice possesses soothing and narcotic qualities. Lettuce was eaten by the ancients at the close of their repasts, as from its cooling qualities it was considered an antidote to the heating effects of wine. The bitter herbs which the Jews ate at the passover were wild lettuce, succory, tansy, camomile and dandelion, and this same race are the inventors of the salad compounded of oil, vinegar, sugar, salt and mustard to render the bitter herbs palatable. The Irish two centuries ago made their salads of sorrel, wood sorrel and beet chopped with vinegar, beer and a little sugar, but no oil, salt or mustard. Readers of classic history will remember how a lettuce caused the cruel death of Cambyses, king of Persia and Media, and of his consort, who was also his sister.

Sheriff Saves Drowning Boys.

Elberton, Ga., May 15.—At the picnic of the Baptist Sunday school at Brewer's bridge, on Beaver Dam creek, Chandler Brown fell in a hole 10 feet deep, and came near drowning. Little Henry Proffitt, about 12 years old, jumped in to save him. He was grabbed by the almost drowning boy, and both would have lost their lives had it not been that Sheriff McIntosh happened to pass by. He jumped in and by heroic efforts saved both of the little boys. It required some exertion to bring the Brown boy around.
